

Barbers of Hawthorne's "House of Seven Gables" will recall the patient with whom poor Old Captain Pyncheon, who had a malignant tumor in his breast, died, and where is now his body? "My life is gone, and where is my body?" he said. "I have no body left. But that could be done only in part, as glances of warm sunlight occasionally fall across the gloomy chamber."

In a letter to Messrs. Bassett & Co., Mr. L. C. of Pennsylvania, who have suffered from a severe infirmity from childhood from chronic disease of the bowels and intestines, says: "I have been a patient of Dr. Parker for the last ten years, and the hands of physicians of every nation and every patient in the country have rendered the same service to me."

PARKER'S TONIC is a complete specific, particularly for those who have a nervous temperament, and for those who feel the full force of the moon, blessing and beautifying it. The physician to the City, says: "The testimonial of Mr. Tilton is genuine and valiant says, 'I have not had a doctor to call in for many years. He is my husband, and I know the value of his skill. He is a man of great knowledge, and I can assure you that he enjoys health and life, working half to PAR-KER'S TONIC!'

It is a well-known fact that an intelligent stimulant of the organs cures all maladies of the liver, kidneys, and all diseases of the blood.
